We are creating breakthrough solutions for business & workforce

About Our Company

Our Story

We are on a journey to deliver excellence to be able to keep up our competitive advantage. ETPL was established in 2005 as an entrepreneurial venture, starting from a music room.

Over the years we have established 11 skill development centres & trained more than 100,000 youth. Our cloud and mobile solutions have enabled rapid go-to-market for growing organisations.

Vision

To become the company of choice for our customers, business partners and employees by creating unique services across the industry verticals we focus.

Mission

01

To provide solutions and services, that directly influence the growth of employability and livelihood of people.

02

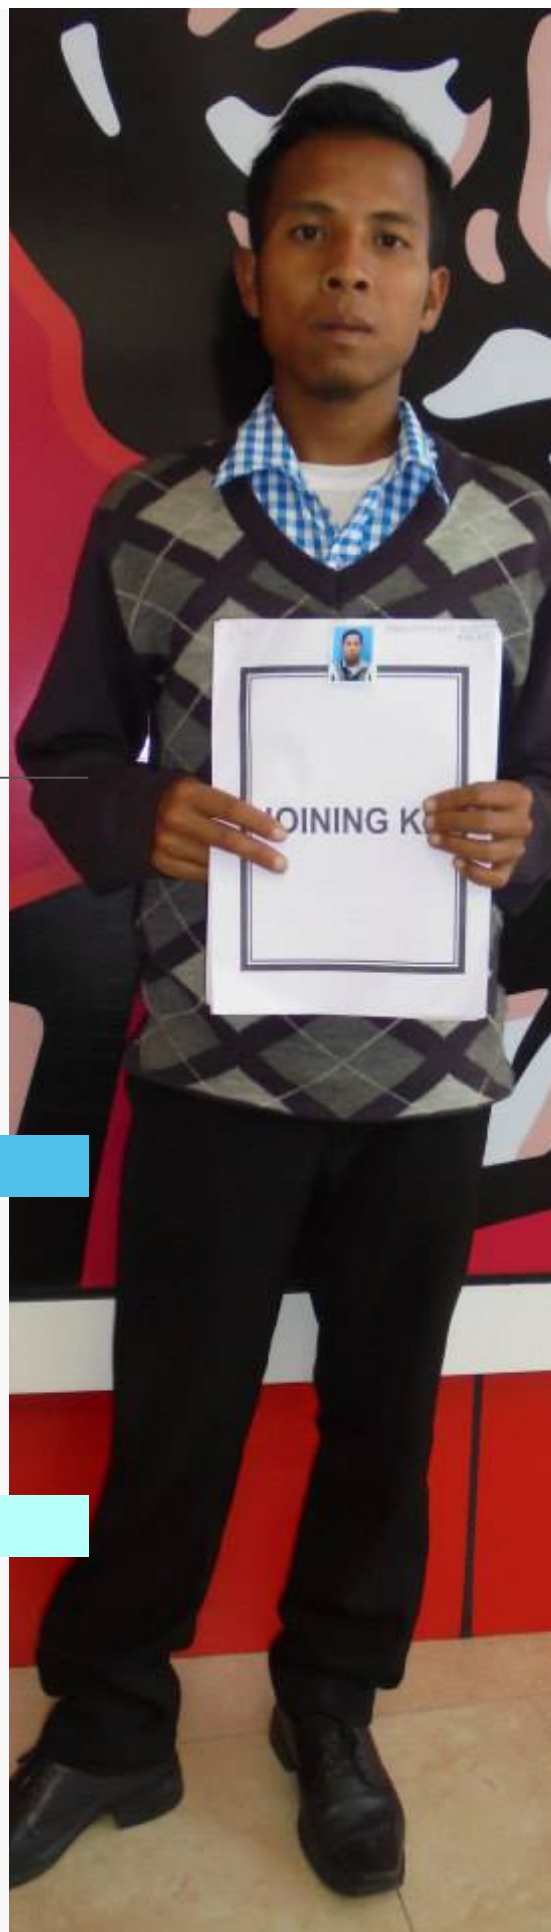

We will do that by delivering unique services at value cost in the IT services, Education & Skills service and Infrastructure services.

03

Deliver measurable results to businesses and the government. Providing analytical insights into the quality and success.

04

Nurture our employees to achieve personal, professional and social growth.

Awards & Recognition

01 Winner of eNortheast Award in Educational Skills

02 Winner of Woman Entrepreneur Award, Indian School of Business, Hyderabad
